PROGRAM STAFF

Our President—William Lee Rand

William Lee Rand is president of the International Center for Reiki Training, the Center for Reiki Research, and the Reiki Membership Association. He is also Editor-in-Chief of the *Reiki News Magazine*. He has studied with five Reiki teachers, including two from Japan, and made four research trips to Japan. William was instrumental in creating Usui/Tibetan Reiki, Karuna Reiki® and also introduced Holy Fire® Reiki. He is author of *Reiki, The Healing Touch, An Evidenced Based History of Reiki, Reiki for a New Millennium*, and *The Spirit of Reiki*, which he co-authored with Arjava Petter and Walter Lubeck. He is also the publisher of *A Modern Reiki Method for Healing*, by Hiroshi Doi. William has practiced Reiki since 1981 and has taught Reiki classes full time, around the world, since 1989.

Previous Executive Director of the Licensed Reiki Master Teacher Program—Laurelle Gaia

Laurelle Shanti Gaia was Executive Director of the ICRT Licensed Reiki Master Teacher Program from 1994 to 2018 and managed much of its important developments, forming the foundation for the program that it is today. Unfortunately, she experienced a stroke in July 2015 and another in November 2018, passing to the other side on March 12, 2021. Laurelle had 35 years of experience in healing work and spiritual studies incorporating Reiki into clinical practice, an intensive worldwide teaching schedule, and in her daily life and meditation practices for over 28 years.

Laurelle was President of Infinite Light Healing Studies Center and Peace Place of Sedona, Arizona. She had a full-time Reiki practice from 1991 and was an ICRT Licensed Reiki Master Teacher starting in 1993. She was the author of books and articles about Reiki, including *The Book on Karuna Reiki®: Advanced Healing Energies for Our Evolving World* and many meditation CDs. Working diligently through public speaking to promote the benefits of Reiki, she organized local healing networks and international events. An article that appeared in the Summer 2021 issue of *Reiki News Magazine* and the publication in 2022 of a book containing her Reiki articles will commemorate her dedication to Reiki and honor her memory.

Executive Director of the Licensed Reiki Master Teacher Program—Michael Baird

Michael Baird has practiced Usui Reiki since 1989, Karuna Reiki® since 1999, and Holy Fire® Reiki since February 2014. He has found all of these forms of Reiki to be powerful tools for healing and spiritual growth. Also, Michael is a retreat facilitator, a practitioner of the healing arts, and a Middle Eastern drummer. Michael developed unique drum-making workshops for healers and created the Reiki Drumming Shamanic Healing Technique. Drumming and Reiki assist him in attuning to his higher self, listening to his Divine guidance, and following his heart. He is a Licensed Reiki Master Teacher with the International Center for Reiki Training, a member of the Sound Healer's Association, and affiliated with the International Society for the Study of Subtle Energies and Energy Medicine (ISSSEEM).

**About the
Licensed Reiki Master Teacher
Training Program**

LETTER OF WELCOME FROM LAURELLE GAIA

Dear Prospective ICRT-Licensed Reiki Master Teacher,

Thank you for your interest in the International Center for Reiki Training (ICRT) and our Licensed Reiki Master Teacher (LRMT)¹ Training Program. During the past several years, I have had the great pleasure of participating in the growth of the ICRT and am honored to be here to serve you as Executive Director along with my friends and colleagues, William Lee Rand, the ICRT staff, and our teachers.

I would like to take a moment to share with you a bit of my journey to Reiki, why I chose to become licensed by the ICRT, and my vision for our program and Reiki.

Since I was a small child, I have known that my Divine Purpose was to learn about and teach healing in ways that our society had not yet accepted as valid; I deeply felt this to be my mission and had the passion for pursuing this. When I met William Rand and became familiar with the ICRT, I realized that assisting in the growth of the ICRT was to be one way I would accomplish my mission in this life. I was impressed by William's devotion to his work, his integrity, and his vision. I was also motivated by two statements in the ICRT's Philosophy statement:

- Placing greater value on learning from experience and inner guidance than on the teachings of an authority.
- Basing the value of a theory or technique on the verifiable results it helps one achieve.

Even though I had been teaching Reiki before joining the program, I wanted more training. I appreciated the fact that the program was a form of an "apprenticeship" but that it didn't involve giving my power over to another person.

Our program is structured so that each Student Teacher becomes an apprentice to the Reiki energy itself.

Although we offer a wonderful and well-structured curriculum, class manuals and support materials in addition to professional quality classes, we open the doors for our students. It's the Reiki energy itself that is the greatest teacher. By following our program, our students learn all about Reiki and blossom into qualified, professional practitioners and teachers.

We are here to provide structure, gentle guidance, and encouragement. We have come to know that although basic technique helps develop the ability to communicate with Reiki energy, the most important skill one can develop is that of listening to the energy. Reiki has innate wisdom; the energy itself cannot be manipulated or controlled by our will or desire for a specific outcome. Reiki is most effective when "delivered" by someone willing to serve as an instrument for it to flow through. That person is more effective when he or she allows the energy to flow without personality and ego interference.

An important element of our program is the documentation of Reiki sessions. In these sessions, the Reiki Master learns the many ways in which Reiki communicates. The Reiki Master gains valuable experience regarding how Reiki heals various conditions and can share these experiences with his or her students.

Reiki is not a theory, nor is it a science. Reiki is an infinitely intelligent healing energy that has much to teach us. *It requires a disciplined and focused practice to learn its lessons.* This is why we have developed our structured program. You will find details of the requirements in this manual. Please keep in mind that our program is designed to create deep, meaningful experiences that will become a part of you and your work.

I am so pleased that we have such diversity among the professional and nonprofessional backgrounds of our teachers. Reiki is truly a tool that anyone can learn and use. To reach people from all walks of life, we need this diversity. We have psychologists, homemakers, nurses, blue-collar workers, teachers, and computer professionals in our program. Each one brings a unique gift of being able to share Reiki with a specific segment of our society. Now our continuing education program is bringing Reiki into even more professions.

Reiki is silently weaving its way through all cultures, religions, and professions, and that is our Vision—to make Reiki available to all who wish to heal themselves and help others heal and to make a positive impact on the healing of our planet. We thank you for your personal commitment to this service.

In the Light of the Creator, We See Only Love

Laurelle Gaia
Former Executive Director of the Licensed Reiki Master Teacher Program
International Center for Reiki Training

¹ Also called a Licensed Teacher.

PROGRAM INTENTION

We offer the LRMT Training Program as an advanced course of study for Reiki Masters who wish to teach the programs offered by the International Center for Reiki Training and would like to benefit from this affiliation with the ICRT as an ICRT LRMT.

This program is a self-paced program that will take a minimum of 1,000 hours to complete. The Student Teacher is encouraged to allow a sufficient amount of time to benefit from the process. An important part of the ICRT's Philosophy encourages ***"Placing greater value on learning from experience and inner guidance than on the teachings of an authority."*** This program helps the participant develop the confidence and skill to do this effectively.

The program intends to assist the Reiki Master Teacher to develop his or her spiritual connection to the source of Reiki, deepen the understanding of Reiki, learn new Reiki techniques, develop one's skill level, and have sufficient personal experience to be able to serve effectively as a teacher for others. This process is both an educational and healing experience for those who make the commitment.

There are many schools and styles of Reiki taught in the Reiki community, and we acknowledge that each Reiki student has the right to study, practice, and teach any style he or she chooses. At the same time, we know that because there is no single organizing body for the practice of Reiki, there are many differences in how and what is taught and practiced by the various schools and styles. While this provides the freedom to develop and innovate, which is necessary if the practice of Reiki is to improve, it also prevents the establishment of minimum standards by which all schools and styles operate.

Because of this, the ICRT has as one of its most important values to set high standards for itself and to provide well-organized classes and well-researched and well-written class materials. To carry out this purpose, William Lee Rand has made four research trips to Japan to visit the sacred Reiki sites, interview Japanese Reiki teachers and researchers, and attend Reiki classes. These research trips took place in September 1997, October 1999, November 2001, and October 2016. In addition, he makes it a point to stay in touch with the teachers of the various schools and styles of Reiki to stay abreast of any new discoveries and developments in the field. He also has a strong source of spiritual guidance from which he gains inspiration and direction for the operation and development of the Reiki programs within the ICRT.

Each teacher entering our program brings his or her teaching style based on the teacher's unique background. We honor and value this. However, we require our teachers to offer, at a minimum, all the elements of our curriculum in their classes. This requirement ensures that students will receive consistent training regardless of which of our teachers with whom they choose to study. We have also developed our Code of Ethics and require all of our teachers to comply with its precepts.

The most challenging part of managing this program is selecting applicants. We receive applications from many Reiki Masters, and our program can only accommodate a few new teachers each year.

GOALS AND PURPOSE OF THE LICENSED REIKI MASTER TEACHER TRAINING PROGRAM

The purpose of the LRMT Training Program is to produce teachers of the highest caliber to represent and pursue the goals of the ICRT in a professional manner.

Toward this end, the International Center for Reiki Training is committed to:

1. Maintaining professional standards by providing:

- A professional level of credentialing to allow the ICRT to continue to provide a Certificate of Completion for health professionals.
- A training ground for Student Teachers to learn from experienced mentors while developing a thorough understanding of Reiki through sufficient personal experience.
- Qualification and review procedures to ensure that the teachers completing the program are emotionally balanced, cooperative rather than competitive, ethical, have business-savvy and are effective as teachers.
- An effective, rational Code of Ethics to ensure that all our teachers operate in integrity and in the highest possible way to serve others.

2. Providing opportunities for growth among Senior Teachers by:

- Promoting growth among our Senior Licensed Teachers as they serve as mentors while assisting Student Teachers.
- Providing opportunities for Senior Teachers to participate more actively in the ICRT in terms of updating manuals, writing articles, creating professional conferences, and more.

3. Providing quality teaching materials and ongoing teacher training by:

- Having our Licensed Teachers assist in the development of new classes and training materials. They promote the ongoing development of a standardized, organized, and consistent method of teaching classes, as outlined by the ICRT, including incorporating the best suggestions from our teachers.
- Incorporating the latest research, techniques, and findings into the ICRT classes.
- Promoting the health and wellness of our teachers physically, mentally, emotionally, and spiritually by encouraging a healthy diet and exercise, daily self-Reiki, the use of the Holy Fire® Reiki energy in all areas of one's personal life and a balanced lifestyle.

4. Sharing with each other new skills in the following areas: business comprehension and organization, technology, marketing, teaching skills, practitioner skills, healing issues that arise, and success consciousness.

5. Creating a community of Reiki teachers who support one another in the continuing process of advancing the highest ideals of Reiki and the ICRT.

To remain active in the program, you are to email a monthly progress report on the Mentor Student Tracking Form to your Mentor Teacher by the 10th of the month. This procedure helps to ensure that those applicants who we have selected to hold the Student Teacher slots are committed to and are actively completing the program requirements. 16. Pass a background and credit check.
17. Pay a non-refundable application fee of \$500.00 with your Letter of Intention and application. Complete the application within 5 months of submitting the questionnaire. If you need longer, make a request. The application fee will be valid for up to one year. After that time, the

applicant will need to begin a new application and pay the fee again.

REQUIREMENTS TO MAINTAIN/FULFILL UPON ACCEPTANCE INTO THE LRMT TRAINING PROGRAM

CHECKLIST

Through All Levels of Licensing

1. Maintain your Professional Membership in the Reiki Membership Association during your licensure process.
2. Have a current Reiki practice in which you are doing a minimum of 10+ sessions a month.
3. Conduct yourself in a respectful manner on social media and all other online activities.
4. Agree with ICRT's Philosophy and Purpose.
5. Contract to honor and abide by the ICRT's Code of Ethics and Standards of Practice.
6. Always professionally conduct yourself and maintain a clean, neat, professional appearance, including dress, during all professional activities.
7. Trust Reiki energy to always provide the perfect healing result for the highest good of all concerned. Place no expectations or limitations on Reiki and serve simply as a pure and open channel for the energies to flow through, with no attachment to the results.
8. Be actively working on your healing.
9. Agree to charge the ICRT fee for each level for which you are licensed. Prior to being licensed, you are free to choose the fee you wish to charge.
10. Receive the upgrades for Holy Fire® Reiki to teach the most current version. This requirement is necessary, so you and your mentor are teaching the same version of Reiki for the class review and the co-teach.
11. During the co-teach, the Mentor and Student Teacher need to use the same outline so that all subjects are covered.
12. Professionally edit, before using for class, any PowerPoint presentations.
13. The Student Teacher and Mentor will decide together whether the class review and co-teach will be in person or online.
14. If the Student Teacher wishes to count ICRT Animal Reiki classes as part of the teaching requirements, the classes must have been taken with a LRMT.

15. Send your class roster and evaluations from each class to your mentor within seven days after class. Send your class roster and evaluations from each class you are you licensed for to eval@reiki.org within seven days.
16. It normally takes a Student Teacher one year to complete each level of licensing. However, Student Teachers may progress faster if they wish. Suppose a Student Teacher completes all levels in less than two and a half years. In that case, the Student Teacher will continue to receive mentoring from their Mentor Teacher or another Mentor Teacher of their choice for two and a half years from the start of their acceptance into the program. The \$100 fee will be paid directly to the Mentor Teacher for one hour of mentoring a month.
17. For partners, both must meet all the requirements for each level before either is licensed for the level.

Definition of a Review Student

A student who has taken that same level of class with you previously, while you were licensed for that level, and is now reviewing your class is considered a Review student by the ICRT. (This also assumes you originally paid the Student Fee for that student.) If marked correctly on the website as a “Review” student, you will not be charged the Student Fee, and they will not receive the Student Reiki News subscription. To clarify further, if that student took the class with you before you were licensed for that level, they would be considered a new student for the ICRT and are not considered a Review Student.

The only exceptions are a current LRMT reviewing a class with another LRMT or a Mentor’s Student Teacher reviewing the class with them. These exceptions would be considered “Review” students, and no Student Fee is paid, no Student Magazine given.

Any “Review” student is counted as a student for the LRMT’s Student Count.

**REQUIREMENTS TO TEACH USUI/HOLY FIRE® III REIKI I AND II
AS A LICENSED REIKI MASTER TEACHER**

1. Pay a monthly tuition/administrative fee of \$200 to the ICRT Licensing Program as a Student Teacher for Reiki I & II. For partners, the fee is \$300.
2. Meet with your Mentor Teacher two hours a month by phone or online. You will discuss your progress in the program as well as one or more of the following: business comprehension and organization, technology, marketing, practitioner skills, teaching skills, healing issues that arise, or success consciousness. If more mentoring time is desired and agreed upon by the mentor and student teacher, the student teacher will pay the mentor directly at the ICRT rate for mentoring, prorated by time.
3. Complete the Mentor-Student Tracking Form for Reiki I & II and send it to your Mentor Teacher monthly and the Program Director quarterly by the 10th of the month. Prior to your co-teach, send the Mentor-Student Tracking Form for Reiki I & II to the Program Directors, so they can verify you have met all requirements.
4. Complete the Progress Report quarterly and send it to your Mentor Teacher and Program Director quarterly by the 10th of the month.
5. Teach six Reiki I & II classes, with a minimum average of three students each for a total of 18 or more students during the first year after acceptance into the program. Partners can teach separately or together and each must teach six classes with 18 students. In co-taught classes, each teacher will count the class and the students. Each of these classes will be taught according to the ICRT guidelines. ICRT symbol tests will be used and submitted to your Mentor, along with completed Class Reviews from each student in the class. Student Class Reviews will have the student's name and contact number on them with their consent to be contacted by ICRT staff for monitoring of the class content, presentation, and their experiences with you as a Reiki Teacher. If the Student Teacher is teaching ICRT Animal Reiki, the teacher may count two classes and up to six students from their Animal Reiki I & II classes.
6. Complete the paperwork for each class accurately for a minimum of four of the six classes taught.
7. Complete 100 Reiki treatments (after acceptance into the LRMT program) and submit documentation of each using the ICRT Reiki Treatment Documentation Form. "Complete" is defined as at least a 45-minute session for an individual or a group with Usui/Holy Fire® III Reiki. The treatments may also include the use of the Healing Experience, other Experiences in the manuals, and Karuna Reiki®. A minimum of 10 of these sessions must be self-sessions, while the remaining 90 may be distant or in-person sessions. Out of the 90 sessions, 30 sessions may be animal Reiki sessions. Animal sessions may be shorter than 45 minutes and can include the caregiver. Send the completed forms in monthly to your mentor.
8. Have 10 different clients submit reviews of the Reiki treatment they received from you. Ask the Program Director for the link to the Google form.
9. Pass a written test on material that you need to know to teach a Reiki I, II, Reiki Master, and Karuna Reiki® class according to the ICRT's guidelines and your

knowledge of other related information concerning Reiki. This test will need to be passed with a minimum score of 85% correct at least a month before your co-teach. For any incorrect answers, you will need to correct them to 100%. The Program Director administers this test about a month before you co-teach.

10. Write a paper on the Reiki subject of your choice with a minimum word count of 1500 and a maximum of 2000 on double-spaced pages (12-point type). See Guidelines for writing your paper in this manual.
11. Review a Reiki I & II class with your Mentor before co-teaching Reiki I & II. Your Mentor will submit documentation of your attendance and comments about your interactions with the other students. The Student Teacher will pay the FULL class tuition to the Mentor to review the Reiki I & II class. It is recommended that you review Reiki I & II soon after acceptance into the LRMT program.
12. Sponsor a Reiki I & II class and co-teach it with your Mentor Teacher.

(Be sure that your Mentor Teacher informs all students who register for this class that it will be taught with you.)

13. Upon completion of the first level of licensing and becoming a Licensed Reiki Master Teacher with the International Center for Reiki Training for Reiki I & II, the Student Teacher agrees to sign the Professional Contract.
 - The Mentor Teacher will advertise the class on *www.reiki.org*. Any additional advertising is the responsibility of the Student Teacher.
 - The Student Teacher must recruit a minimum of eight students. The Mentor Teacher will receive the student tuition paid by the first eight students as compensation for his or her mentoring and co-teaching the class. If the class does not produce the required number of students, the Student Teacher must pay the balance of the required student tuition to the Mentor Teacher from future class revenues. The Student Teacher's licensing process is complete when the full financial obligation has been met.
 - The full tuition goes to the Mentor Teacher, but the Mentor Teacher pays all class-related expenses (i.e., books, travel, lodging, and classroom rent).
 - If more than the minimum number of students are recruited, the tuition, minus expenses from the additional students, is to be divided as follows: 50% to the Student Teacher and 50% to the Mentor Teacher.
 - In the co-taught class, the Student Teacher and Mentor Teacher will share the presentation, and the Mentor Teacher will add information, as necessary. It is optional for the Student Teacher to teach a larger share of the class, according to the agreement between the Student Teacher and Mentor Teacher. At all times, the Mentor Teacher will support the Student Teacher. If there is information presented that needs to be corrected, the Mentor Teacher will counsel the Student Teacher at break time and let the Student Teacher correct the information with the class.
 - The Mentor Teacher will submit the Co-Teach Review Form on the Evaluation Form to the Program Director, reporting on all aspects of the teaching weekend.

- Mentor/Student Teacher Co-Teach – The Mentor chooses the Student Teacher as their “Co-Teacher” when setting up the class on the website. (The Student Teacher should NOT be listed as a student for the class.) The first time the Mentor schedules a Co-Teach with the Student teacher (Reiki I/II), an email must be sent to tammy@reiki.org. The office will then obtain the Student Teacher’s signature in preparation for the class certificates, which will include both teachers’ signatures. Once the Mentor LRMT pays the registration fees, the office will prepare the certificates in the same way they prepare International Certificates. Completed certificates with both signatures will be sent to the Mentor LRMT during the week following payment of the registration fees. (Remember the office completes class paperwork on Tuesdays, and then information is given to the staff for creating certificates.)

Alternative to Sponsoring a Class

In RARE circumstances, it may be acceptable for the Student Teacher to travel to the Mentor Teacher and co-teach a class the Mentor Teacher has established. If done, the Student Teacher must pay full tuition to the Mentor Teacher. **This exception must be approved in writing by the Director of Teacher Licensing at least six months before the class to be co-taught.**

Completion of Requirements

Upon completion of all requirements, submit the Mentor Student Tracking Form for Reiki I & II to your Mentor and the Directors of the Licensed Reiki Master Teacher Training Program so they may verify your completion and have a record for your files.

Maximum time from acceptance into the Licensed Teacher Program until completion of all Reiki I & II requirements is two years.

Reasons for Denying Completion of a Level Up to and Including Being Asked to Leave the Program

One of the most important things in the LRMTTP is for a Student Teacher to be trainable. Is the Student Teacher willing to listen to the Mentor, receive the training, and implement some suggestions? Is the Student Teacher continually making excuses to stay stuck? Does the Student Teacher have the requirements to apply for the program, or did something important get missed in the application process? Is the Student Teacher progressing toward the requirements for the current level? The ICRT understands that life events can cause delays. Should such an event occur, the Mentor, Student Teacher, and Directors will discuss and consider whether to continue or take a one-to-three-month break from the program. If all parties agree upon a break, the fees for the program will be waived, and any requirements fulfilled during this time will not count.

The application fee is valid for up to one year after the directors receive the students' application.

If the Student Teacher freezes their application after acceptance into the program, all mentoring and associated fees will discontinue upon their notice to the Directors. If the Student Teacher decides to restart their training, they will meet with the Directors to discuss, assess, and determine their readiness to proceed with the program. The Directors will make the final decision. If the Student Teacher does reenter the program, their Mentor will be re-established, and all fees will be reinstated.

If the Student Teacher takes over two years to complete licensing for Reiki I and II or more than four years to complete licensing through Karuna, the Student Teacher may be asked to leave the program.

GUIDELINES FOR WRITING YOUR REIKI PAPER FOR LICENSING

- The paper should be about Reiki and include little about other topics.
- Strive to create a paper that could be published in the *Reiki News Magazine*. Read the *Reiki News Magazine* for ideas about topics and quality of writing. Also, check out the writer's guidelines at <https://www.reiki.org/reiki-news-magazine-writers-guidelines>.
- Share how you have used Reiki to address a topic, i.e., Reiki for stress, Reiki for personal growth, Reiki for depression. Or write an inspirational article about Reiki. Or write about a technique you have used for a period of time and tested out with many clients.
- Include endnotes with references for your information, which can include resources such as quotes from books, information from clients, or client stories (with written permission) or information from the web that augments your article.
- Edit your paper for grammar or have a professional editor do this.
- The paper should be 1500 to 2000 words typed in a 12-point font.

REQUIREMENTS TO TEACH ADVANCED LEVEL REIKI CLASSES AS AN LRMT

Requirements to Teach Usui/Holy Fire® III Reiki Master Level

1. The LRMT must teach a minimum of six Reiki I & II classes as a Licensed Reiki Master Teacher within a year. Each class should have a minimum average of three students for a total of 18 or more students. Partners can teach separately or together and each must teach six classes with 18 students. In co-taught classes, each teacher will count the class and the students. If the LRMT is teaching ICRT Animal Reiki, the teacher may count two classes and up to six students from their Animal Reiki I & II classes.
2. The LRMT must teach a minimum of three Reiki Master classes, with a minimum average of three students, for a total of nine students or more as an independent teacher. (The ICRT won't advertise or issue certificates for the Reiki Master class, but you should be teaching these levels independently to gain experience.) Partners can teach separately or together and each must teach three classes with nine students. In co-taught classes, each teacher will count the class and the students. If the LRMT is teaching ICRT Animal Reiki, the teacher may count one class and up to three students from their Animal Reiki Master classes.
3. Pay a monthly tuition/administrative fee of \$100 to the ICRT Licensing Program as an LRMT for Reiki I & II moving toward Reiki Master licensing. For partners, the fee is \$200.
4. Within three years of acceptance into the program, you must have completed the requirements to be licensed for Usui/Holy Fire® Reiki Master. Note that the usual time is two years.
5. Meet with your Mentor Teacher by phone or online one hour per month. You will discuss your progress in the program as well as one or more of the following: business comprehension and organization, technology, marketing, practitioner skills, teaching skills, healing issues that arise, or success consciousness. If more mentoring time is desired and agreed upon by the mentor and student teacher, the student teacher will pay the mentor directly at the ICRT rate for mentoring, prorated by time.
6. Complete the Mentor Student Tracking Form for Reiki Master and send it to your Mentor Teacher monthly and the Program Directors quarterly by the 10th of the month. Before your co-teach, complete the report and send it to your Mentor and the Program Directors so they may verify you have completed all requirements.
7. Complete the Progress Report quarterly and send it to your Mentor Teacher and Program Directors quarterly by the 10th of the month.

Before teaching Reiki Master as a licensed teacher, the LRMT must both review and co-teach Reiki Master. When reviewing, it is necessary to do so from a future teaching perspective. Observing the Mentor Teacher's presentation will be helpful in this process. The LRMT must review the class with the Mentor Teacher or with the agreement of the Mentor and Directors, another Senior Licensed Teacher, before co-teaching the class.

When an LRMT reviews the Reiki Master class with a Mentor Teacher, he or she should be introduced as an ICRT Licensed Reiki I & II teacher to the class. The reviewing LRMT is not there to co-teach, so he or she should be respectful of the presenting teacher. The LRMT should, at all times, be in the role of a student. However, it would be appropriate for the Mentor Teacher to ask the other LRMT if he or she has anything to add during the informational parts of the class. The LRMT must retake the symbols test and submit it as proof of review. The LRMT pays full class tuition to the Mentor Teacher.

There are two options to co-teach the class for ICRT licensing. In the first option, the co-taught class can be sponsored by the LRMT, and the Mentor Teacher will travel to the LRMT's location for an in-person class or attend online for an online class. The mentor will advertise the class on *www.reiki.org*. Any additional advertising is the responsibility of the Student Teacher. The class must have an eight-student minimum, or guarantee students fees for eight students. Any fees due must be paid to the Mentor Teacher within three months of the class. The LRMT is considered licensed for Reiki Master when the fees are paid.

The second option is to be decided between the Mentor Teacher and the LRMT. The LRMT can co-teach with his or her Mentor Teacher by traveling to the Mentor Teacher's class for an in-person class or attend online for an online class. In this instance, no fee is paid to the LRMT, as he or she is not establishing the class. The LRMT must also pay the standard class tuition to the Mentor Teacher if this option is chosen. In the advanced level classes, the actual co-teaching must be on a shared basis, with each teacher presenting about 50% of the course material.

Upon completion of all requirements, submit the Mentor Student Tracking Form for Reiki Master to your Mentor and the Directors of the Licensed Reiki Master Teacher Training Program so they may verify your completion and have a record for your files.

Requirements to Teach Holy Fire® III Karuna Reiki®

If the LRMT is teaching ICRT Animal Reiki, the teacher may count two classes and up to six students from their Animal Reiki I & II classes.
2. The LRMT must teach a minimum of three Reiki Master classes with a minimum average of three students for a total of nine students or more as an LRMT. Partners can teach separately or together and each must teach three classes with nine students. In co-taught classes, each teacher will count the class and the students. If the LRMT is teaching ICRT Animal Reiki, the teacher may count one class and up to three students from their Animal Reiki Master classes.
3. The LRMT must teach three Holy Fire® III Karuna Reiki® Master classes with a minimum average of three students for a total of nine Holy Fire® III Karuna Reiki® Master students or more as an independent teacher. the class and the students.

6. Meet with your Mentor Teacher one hour per month by phone or online. You will discuss your progress in the program as well as one or more of the following: business comprehension and organization, technology, marketing, practitioner skills, teaching skills, healing issues that arise, or success consciousness. If more mentoring time is desired and agreed upon by the mentor and student teacher, the student teacher will pay the mentor directly at the ICRT rate for mentoring, prorated by time.
7. Complete the Mentor-Student Tracking form for Karuna Reiki® Master and send it to your Mentor Teacher monthly and the Program Directors quarterly by the 10th of the month.
8. Complete the Progress Report quarterly and send it to your Mentor Teacher and Program Directors quarterly by the 10th of the month.

Before teaching Holy Fire® III Karuna Reiki® as a licensed teacher, the LRMT must both review and co-teach Karuna Reiki®. When reviewing, it is necessary to do so from a future teaching perspective. Observing the Mentor Teacher's presentation will be helpful in this process. The LRMT must review the class with the Mentor Teacher or with the agreement of the Mentor and Directors, another Senior Licensed Teacher, before co-teaching the class. The LRMT must re-take the symbols test and submit it as proof of review. The LRMT pays full class tuition to the Mentor Teacher.

When the LRMT comes to the Mentor Teacher's class to review, he or she should be introduced as an ICRT Licensed Teacher. The reviewing LRMT is not there to co-teach, so he or she should be respectful of the Mentor Teacher, and the LRMT should at all times be in the role of a student. However, it would be appropriate for the Mentor Teacher to ask the LRMT if he or she has anything to add during the informational parts of the class.

There are two options to co-teach the class for ICRT licensing. In the first option, the co-taught class can be sponsored by the LRMT, and his or her Mentor Teacher will travel to the LRMT's location for an in-person class or attend online for an online class. The mentor will advertise the class on *www.reiki.org*. Any additional advertising is the responsibility of the Student Teacher. The LRMT's class must have an eight-student minimum or guarantee student fees for eight students. Any fees due must be paid to the Mentor Teacher within three months of the class. The LRMT is considered licensed for Holy Fire® Karuna Reiki® when the fees are paid.

The second option is to be decided between the Mentor Teacher and the LRMT. The LRMT can co-teach with his or her Mentor Teacher by traveling to the Mentor Teacher's class for an in-person class or attend online for an online class. In this instance, no fee is paid to the

LRMT, as he or she is not establishing the class. The LRMT must also pay the standard class tuition to the Mentor Teacher if this option is chosen. In the advanced level classes, the actual co-teaching must be on a shared basis, with each teacher presenting about 50% of the course material.

Upon completion of all requirements, submit the Mentor Student Tracking Form for Karuna Reiki® to your Mentor and the Directors of the Licensed Reiki Master Teacher Training Program so they may verify your completion and have a record for your files.

You must complete all training through Holy Fire® III Karuna Reiki® within four years of acceptance into the program.

Karuna Reiki® is a registered trademark of the International Center for Reiki Training.

REQUIREMENTS FOR INTERNATIONAL PROGRAMS

Retreats

Applicants are required to attend the ICRT Retreat either in-person or online before applying to the program. An exception may be made if the applicant has officially registered for the next ICRT retreat with a paid deposit. However, no licensing will be finalized until after retreat completion. Teachers in the program are required to attend the ICRT Retreat every other year. Other exceptions may be possible by contacting the Directors.

Review Classes

The Student Teacher is required to review the class appropriate for the Reiki class level they are working on with their Mentor Teacher online or in-person and is also required to pay the class fee to the Mentor Teacher.

Co-Teach

Option 1—The Student Teacher travels to the Mentor’s class in the Mentor’s country and co-teaches with the Mentor: The Student Teacher is required to pay their own travel and lodging expenses and also pay the class fee to the Mentor Teacher.

Option 2—The Mentor Teacher travels to the Student Teacher’s class in a foreign country: The Mentor Teacher will receive the class fees for the first eight students. The Mentor Teacher’s travel and lodging expenses will be paid, and in addition, the Mentor Teacher must receive a minimum of \$3,000 for Reiki I & II and \$6,000 for Reiki Master and Karuna Reiki® Master. Any money left over after the above fees have been paid will be split 50/50 between the Student Teacher and the Mentor Teacher.

Option 3—Class is held online using Zoom: The Mentor Teacher, the Student Teacher, the Translator if needed and the students are all online.

Financial Details for Option 3

Reiki I&II - The Student Teacher will organize the class, and the Mentor Teacher will receive the class fee for the first eight students. If the class has less than eight students, the Student Teacher will pay the Mentor Teacher out of pocket for the additional class fee necessary to equal the fee for eight students. The class will be listed on the Student Teacher’s website.

For Reiki Master and Karuna Reiki® Master, the Mentor teacher will organize the class, and the Student Teacher will pay their own class fee to the Mentor teacher.

Another option for Reiki Master and Karuna Reiki® Master is for the Student Teacher to organize the class. The fees for the first eight students will be paid to the Mentor Teacher.

Translator

If there is a language barrier in English, the applicant and student teacher must find a translator to help with paperwork, emails, and mentoring sessions. If classes are taught in a language other than English, a translator will be included as part of the class. The additional expense of the translator will be compensated for by increasing the class cost. The translator can also be a student and receive a class certificate.

Psychological Evaluation

The applicant will have an hour-long interview with a counselor or psychologist. The

questions will be sent in advance.

Fees to Charge

When teaching ICRT classes outside of the United States, charge a fee for Reiki classes that is at the higher end for quality classes in your country.

LICENSED REIKI MASTER TEACHER TRAINING PROGRAM OVERVIEW

The Licensed Reiki Master Teacher Training Program (LRMTTP) is an advanced course of study for licensure as a Reiki teacher with the International Center for Reiki Training (ICRT). Applicants must apply and be accepted into the program in order to begin the training. The training requires approximately 1000 hours of study and practice which usually takes 3-4 years to complete. The curriculum is designed specifically for Reiki Masters who wish to dedicate themselves to teaching and practicing Reiki on a higher professional level. Some of our teachers operate healing centers. All maintain an active Reiki practice and are committed to empowering others through the use of Reiki. While each student teacher will be assigned a mentor to work with, our program is actually structured so each student teacher becomes an apprentice to the Reiki Energy itself. The following is an overview of the program. To download the program manual, click here:

<http://www.reiki.org/ReikiClasses/TLC%20Program%20Applying%20To.html>

FINANCIAL COMMITMENT AND EARNINGS FOR THE LICENSED REIKI MASTER TEACHER TRAINING PROGRAM

This document gives an overview of the fees and income you can make by becoming a student teacher in the Licensed Reiki Master Teacher Training Program. The fees are approximate because students move through the 1,000 hour program at their own pace, usually taking one year for each level. However, it is possible to complete the requirements more quickly, resulting in less fees. Most teachers actually exceed the teaching and session requirements, resulting in more income. You are also free to set your own fees for sessions and classes, so the income is approximate. After becoming licensed for a level, such as Reiki I and II, you will charge the ICRT fee for that level of class. You are always free to set your own session fee. The earnings below are based on the teaching requirements for each level. All requirements may be completed online. If you decide to meet in person for the co-teach and review, there will be additional travel expenses.

- Questionnaire: \$100
- Application: \$500

Bottom Line Fees and Income

You will attend the Reiki Retreat at least every other year. Fee varies depending on whether you attend in person or online.

Total Fees: \$11,445 paid over three years, figured with the option to co-teach in your mentor's class for Reiki Master and Karuna. Does not include travel expenses. Remember, becoming licensed will usually double your students through the power of advertising with the ICRT and your new business skills! After you are licensed, you only pay advertising fees for your classes (one time \$100 each), a per student fee (\$30 for I/II and \$55 for RM and Karuna), a gift magazine subscription for each student (\$20), a certificate fee per student (\$5), the manual price for each student, and your cost to attend the Reiki Retreat at least every other year.

Total Potential Earnings while working through the program: \$88,155 to \$116,955 This is approximate and could be more or less.

Net Income before your expenses: \$76,710 to \$105,510 You will have expenses of your own choosing to earn this income such as marketing, computer, office, supplies, etc.

Are you excited about the possibilities? Earn while you learn!

I understand that Reiki is a simple, gentle, hands-on energy technique that is used for stress reduction and relaxation. I understand that Reiki practitioners do not diagnose conditions, nor do they prescribe or perform medical treatment, prescribe substances, nor interfere with the treatment of a licensed medical professional. I understand that Reiki does not take the place of medical care. It is recommended that I see a licensed physician or licensed health care professional for any physical or psychological ailment I may have. I understand that Reiki can complement any medical or psychological care I may be receiving. I also understand that the body can heal itself, and to do so, complete relaxation is often beneficial. I acknowledge that long-term imbalances in the body sometimes require multiple sessions to facilitate the level of relaxation needed by the body to heal itself.
